Sir/Ma'am,

My name is priyanka nigam. I was born and brought up in Uttar Pradesh - Other. However, I presently put up in Kanpur.

My highest degree is a full time B.tech in programming from PSITCOE, Kanpur that I completed in Jul-2020. My Percentage is 82 and I am among Top 10 in Class.

My programming degree(s) has given a range of skills that I feel are crucial for my career and life. Despite limited exposure, I have understood that hard work and determination can make anything possible. I am ready to do that. Also, I am trying to develop a habit of reading current trends and industry news.

I interned with Indian Railway for 1 Month(s) in total and contributed to the Telecom. My project work(s) lasted for 10 Month(s) in total as I worked on INDUSTRIAL WASTE WATER MONITORING & PURIFICATION. I would like to add that I am certified in 12 Week(s) NPTEL COURSE ON C and 8 Week(s) NPTEL course on DBMS.

When it comes to schooling, I secured 80.0% in my XIIth CBSE Senior Secondary examination in 2016 in English medium. In Xth CBSE Board, I got 80.0%. During my schooling, I developed strong communication skills and also had the opportunity to participate and excel in several extracurricular activities. Because of these exposures and experiences during my academic years, I have gradually been able to develop effective communication skills. So, I can interact freely within a team.

To add, I am also skilled in C, Java, C++, HTML, Data Structures and Database Management System. Additionally, I am a GATE Rank 16 holder.

Lastly, I am a quick learner and believe in learning from my past mistakes. This is a virtue as it can take me ahead in both my professional and personal life.
